Who We Are

VedAtma Consulting is revolutionizing student career guidance by focusing on the core of what makes each student unique. Unlike traditional career counseling services, VedAtma stands out through:

Elite Assessment Tools:

Leveraging the prestigious Myers-Briggs Type Indicator® and Strong Interest Inventory® to understand student personalities, aptitudes, and interests.

Customized Counseling Approach:

Providing in-depth, one-on-one online counseling sessions tailored to each student's unique potential and aspirations.

VedAtma's advanced AI platform delivers real-time career and educational guidance, offering you continuous access to updated information on university courses, admissions procedures, and careers worldwide.

The VedAtma Process

1

Unlocking Unique Natural Potential

We begin by identifying each student's natural talents through globally recognized psychometric assessments, ensuring a solid foundation for personalized guidance.

2

Personalized Online Counseling

Our process includes online personalized counseling, meticulously structured over three sessions to deeply understand and guide each student.

3

Ideal Career Paths and Post-Counseling Support:

The third step in the VedAtma process is to identify the career or study paths for each individual our comprehensive approach to career counseling, ensures that students are fully equipped to make informed decisions about their futures.
